

THE EUROPEAN PLATFORM FOR JUDICIAL AUCTIONS

www.eujudicialauctions.eu

About

LEILA aims to **pilot a multilingual platform** for searching **goods to be sold in judicial auctions** taking place in the EU, following the one-stop-shop approach.

- Simple and intuitive user interface
- Standardized information fields translated in all EU languages
- Automatic up-to-date retrieval of official, certified and reliable information from national platforms, using the e-CODEX infrastructure
- Publication facilities for Member States which are currently lacking (a) national platforms(s)
- Ready to be integrated with the EU e-Justice Portal
- Accompanied by a toolbox for easy adoption by competent authorities across EU
